A Higher Standard of Intellectual Care:

Programs are available for communities to schedule regularly or intermittently, as a supplement to their community's activity schedule.

Team Elliott Education team members have specialized degrees and specific areas of expertise.

In addition to required healthcare interactive education, Team Elliott experiences continuous training with diseases related to dementia, including Certification as Dementia Specialists, CDP®.

Committed to Excellence!

A program series of intellectual engagements and socially interactive sessions, dedicated to cognitive stimulation for all participants, including those with diseases associated with dementia and special needs.

The professionally trained team offers staying smart experiences, mixed with entertainment, exercise and enthusiasm.

Making the Difference Moments of Brilliance!®

Intellectual Lifestyle Programming for Residents of Healthcare Communities

Program Overview

Team Elliott Education includes innovative, interactive opportunities which are designed to empower, energize, and entertain all participants. Altogether this takes place by:

- Providing well-planned, enjoyable experiences designed for Staying Smart;
- Utilizing multi-media resources and professional expertise;
- Integrating a balanced and well researched curriculum;
- Encouraging the participation of all residents regardless of their placement on the cognitive continuum; and,
- Recognizing the brilliance of all residents while upholding the dignity and importance of each individual.

... "We ought to have TEAM ELLIOTT in every long-term care community. They belong to our team of healing professionals who care for our elderly. Congratulations and more power to you!"

> -- Stella B. Montes, MD Psychiatrist-Consultant
